Of the relevance of the topic: The president of the republic of uzbekistan “on the organization of the ministry of sports development” 2022-the year 18-February, pp-136 resolution was adopted.

Of the relevance of the topic. The president of the republic of uzbekistan “on the organization of the ministry of sports development” 2022-the year 18-February, pp-136 resolution was adopted. The following resolution was adopted:

The organizational structure of the ministry of sports development was established.

The administrative staff of the central office of the ministry of sports development limited number 76 students the structure confirms.

2. Regional offices of the ministry of sports development has been identified as the management of the limited number of students 594 employees. With the future of this ministry in the system established by each particular sport athlete in our country and the other holding you complete the tasks in the biggest sports in the world community, the organization of sports competitions and olympic athlete in sports in order to protect from accidents and injuries each different health through this every single sports organizations on the organization of insurance in the system it is necessary to create faolyati in sports.

The further development of insurance activities in the republic of uzbekistan, the population with the quality of insurance services to cover the scope , expanding support the activities of insurance organizations, as well as for the protection of rights and legitimate interests in this area of the athletes the consistent implementation of measures to create favorable conditions.

At the same time to ensure the sustainable growth of the economy at the current stage of reforms, the quality of life of the population and the development of services aimed at increasing the level of physical and sports in the republic of active natural physical and natural to strengthen the role of insurance in the field of sports and sports faolyati wide range of tools to apply insurance requires.

Further reform of physical education and sports of the insurance market and to ensure its rapid development, the demand of the introduction of new types of insurance services, insurance of the athletes in order to increase confidence in the market, as well as the further development of insurance activities in the republic of uzbekistan in sports, physical education expanding the scope to cover with quality insurance services knew involved in sports, support the activities of

insurance organizations, as well as the protection of the rights and the legitimate interests of the athletes in this area to create favorable conditions for the consistent implementation of measures is necessary.

At the same time to ensure the sustainable growth of the economy at the current stage of reforms, the quality of life of the population and aimed at increasing the level of physical development and sports services in the republic of the natural and physical natural active in the field of sports and sports to strengthen the role of insurance in insurance faolyati wide range of tools requires you to apply.

Physical education and sports to ensure further reform of the insurance market and its rapid development, the demand of the introduction of new types of insurance services, insurance of the athletes in order to increase confidence in the market, as well as

The research aim and objectives.

On the current stage of reforms in the sports world at the present time faolyati insurance to ensure the sustainable growth of the sport, athletes and sports physical quality of life and the development of services aimed at increasing the level of natural active in the field of sports in the republic of insurance and to strengthen the role of natural and physical faolyati wide range of application tools, it is necessary to develop a strategy in sports insurance.

Physical education and sports to ensure further reform of the insurance market and its rapid development, the demand of the introduction of new types of insurance services, insurance up to the peak of the relationship to the market and most of the athletes in consultation with the insurance companies to sign the contract shall create the conditions in consultation with the terms of the agreement. Two of experience in general insurance industry is currently the world continues the trend: specialization and a universal activity. When you say just a field of specialization, that is, specialization in the field of insurance is provided. In addition to the main business activity of the state in various funds gathered from Universal ko'k rinib beijing physical culture and sport serviceo'rsat which sports directory, sports investing is the purchase of property and other trade organization

Another of insurance a company that specializes in new yo'nalish known as credit institutions they deal with the lending sector operates. In this area they are from the bank and then the second o'rin ... take congratulatory. O'received in time "insurance activities to'g'ri" in article 4 of the law "in insurers directly associated with the implementation of bo'I may not engage in business with lmas.

Except for the following:

- specially authorized state body of defining the procedure and conditions investment activity;
- the activities associated with the training of specialists in the field of insurance" is defined as qo'the year.

The above state of the insurance company in relation to such restrictions qo'llab or other property to the insurance company in this regard in the form of freedom, in all material respects they o'zlar able to get to the recovery of bo'b'd ito's were.

Erkinlashuvi the process of the regulation of insurance relations in the context of globalization of the world market, international erkinlashuvi of insurance services, insurance and re-insurance major insurance companies, transnational capital and the concentration of o'rtasi of competition in the harsh severity, as a result, insurance and re-insurance of ko'the appearance of new forms plab bo'lish, the insurance, banking and finance capital o'sish is to bring. In the system of state control over the activities of many state o'face bermoqdaki zgarib review, thus the position of the main interstate integration arrangements, trade services to'the general agreement on g'ri has take. Internet tools new information on the environment, the appearance of bo'lish the state o'break boundaries in rtasi, insurance services, the new ko'levels rilmagan should achieve.

In other areas bo'like it did in sports management has entered a new period in the insurance business. This is a new era must ensure the safety of the activities of insurance companies. To ensure the safety of the activities of the insurance company is one of the main functions of modern management. The business of the company b to company managero'the risk ladi to'k g'ri

a price and it could not take the necessary measures against it. The losses due to the company can be reached. Therefore, qualified insurance unhappy things in the field of sports manager and various different insurance wounds and natural phenomena of the development of events should take into account that such cases occur when it quickly strategy and tactical organization to the reserve fund of the company planning to quickly need.

Research methods. Over time in the sport in the improvement of market infrastructure, as a result of activities in 2007, the 28 companies taken into account, the insurance company has become, becoming almost 25 percent of the contract of insurance activities in the general account in the republic of more than 300 laboratories, including foreign representatives of the insurance market to the insurance and insurance brokerage company is working.

Up to the end of 2006, the regulations of the republic of Uzbekistan insurance fund of the organization so the total amount of US \$ 15.8 billion. so the 66,9 part in US dollars thousand dollars over and all of the insurance coverage of the central value far in 2006 in comparison with 6.1 billion. so the amount increased, compared to that of 2005, this 127,8 % accounted for.

The national insurance system in the development of the insurance market re-formation as a result of the liberalization of the economy is developing. In this respect the world experience a range with that state, and regulation of the insurance system of the law, legal documents and insurance companies on the basis of accepted rules is realized.

The national insurance system in the republic and the national re-insurance market in the form of crucial organization, supervision of insurance activities in the country at a time with the liberalization and regulation is to improve members to go. This is because in the period of disturbances in the condition of the market, the monopoly approach, and the right to destroy the established order in the insurance market experience of some countries in the world give away their position in the existing market infrastructure in the formation of the above-mentioned circumstances and also due to the presence of the main event when it happens to the examination of insurance organization occupy.

The essence of insurance expertise who pay attention to the organization, we have structured the insurance agreement in any organization keep the event-the case of how the events happened, his particular experts to determine the cause of the group by state bodies and organizations on the basis of references relevant to this case provided by the experienced professionals of this field of organization to determine the amount of damage associated with the accident insurance after moving quotes of the conclusion of it being. In the present day the year 2021, according to the position on January 1 of 40 insurance companies operate in the insurance market of Uzbekistan.

Uzbekistan athletes from injury insurance online insurance services.uz-individuals and sports organizations were established. The issuance of an accident insurance policy in Uzbekistan for athletes reveals a number of advantages for the customer. Sports accident insurance general insurance insurance.uz

Insurance services of individuals in sports and sports teams, and representatives of organizations suggested. In the other cities of Uzbekistan children-injury among adult athletes or athletes getting insurance and allows you to cover the cost of the other tests. The athletes of the insured event by exercise, sport competitions and tournaments all injuries obtained in various phenomenon. According to the terms of the policy of insurance in Uzbekistan athletes, the injury arising from the consequences of injury cases, compensation will be paid within six months after the order is received. Here, however, in case of accidents that may occur during the term of the contract is important.

The advantages of the athletes on insurance "Uzbekinvest" established online insurance system established by the company and comfortable this gives the following possibilities

to the office, go to the registration documents, the service and then pay for the insurance contributions;

sports and tariff for different individuals choose acceptable value of insurance;

sports minimum time for online registration of insurance;

may sports ready with the insurance policies quickly (within 24 hours) delivery;
 online 24 hour customer support through chat and phone by experienced consultants.
 All of this is the most convenient and flexible user experience fills. The portal using the online calculator on the cost of insurance for different countries easily sport and you can quickly. Other customers of the company are offered to meet the cost of caring here. In addition, the design of the site allows the implementation of athletes from the mobile device insurance policy.
 In short, the examination of insurance accident insurance ro'y when using the insurance accident insurance expert analysis, evaluation, and to'plab on the basis of the information of insurance coverage is to understand. At the same time, a large amount insured by the insurance system of the developed countries in a number of insurance coverage in order to get ones trick-trick and makkorlik condition is observed. Such makkorlik and the role of expertise in the elimination of insurance hiylagarlik phenomenon is very important. O'z turn the two sides of expertise in insurance, that is, the interests of the athletes and the objective of the insurance company offers protection.
 It should be emphasized that conclude the following stress in modern sports, we will take the following suggestions for the organization of the insurance market.

- Millions of athletes in the republic o'qiydi insurance bo's most citizenso'ngi data that can spread the "sports Insurance faolyati" published in the journal yo'q did ito'yish should. As the founders of the journal of insurance companies and other interested organizations should participate in sports;
- Country ko'p million for the employees of the sector of physical education and sports "athletes Insurer "and the publication of the newspaper the world of sports on a permanent basis, position in the market of uzbekistan and o'z of lighting at the time allows;
- Led control in sports and sports of the republic on creation kamissiyasini faolyati insurance insurance faolyati them in the system, and dedicated to problems of international workshops and conferences on the use of foreign experience of scientific issues on a permanent basis o'- check-in passengers are required to stand;

Worth mentioning that, in sports, business insurance state insurance company in the country to the share of the main part of to'come to the fact that this insurance company to the state of g'ri o'ta that are dependent arising.
