Annotation : This article in the world Surdolimpiya the game's development history, the competition analysis, Uzbekistan into coming cause, organized be and Surdolimpiya of the game is legal and scientific basis lit.

Keywords: Deaflympics, Olympics, Paralympics, Special Olympics, March Art, Silence Of The International Games International Committee Of Deaf Sports.

Access: Surdolimpiya - English word is derived , is sourd “deaf” is the insight refers to. This sports game of the international scale the side of the running name “Deaflympics” i.e. English word is derived , is deaf – “deaf” is the insight refers to.

Surdolimpiya games, this international competition in hearing deficient are individuals who for great sports a holiday is. Surdolimpiya games competition, Olympic, Paraolimpiya and Special Olympic games like the world responsibly sports competitions one is.

Surdolimpiya games, summer Olympic games next up was musoboqa event is, Paraolimpiya from the game while much before established was. Surdolimpiya game history and look at if you remove, this sport competitions in germany in the state to go back.

1888 , in the year of Germany in the state of Berlin in the city of the first deaf for sports club founded was, 1899 , in the year of france in the deaf for vela to the club and the basis laid, this club is the organization of the motivator Ejeni Ruben-Alkays is. This is the professors of their profession on avtomexanik and amateur vela poygachi is, much of the years over deaf sports development for fewer of the large contribution have added, this is to say the action as a result of “Parijlik deaf sports club” on , put, France , in the state of deaf sports federation was established have been.

The twentieth century in the beginning of 1924-16-year-August on France, Paris, the city of “International silent games” the name of with heard in the deficient are athletes who for Surdolimpiya of the game is the first competition was held. This competition is the possibility of limited athletes for also the first Paraolimpiya games if we say also mubolig'a will not be.

Paraolimpi games and Surdolimpiya the game rules a same, the difference is Surdolimpiya in the game healthy worldwide only hear about deficient are athletes who participates. The competition during no how voice equipment even shuttaklardan also is not used. Surdolimpiya in the game, the requirements of one of the athletes with hearing level 55 % from the high toe`lish is prohibited. These requirements on the basis of first time in Paris in the state of o'tgazilgan “Silence game” 9 countries (France, Belgium, Great Britain, Czechoslovakia, Italy, Holland, Hungary, Poland and Romania) 148 students, athletes participate. First Surdolimpiya in the game, 148 students athletes among single women athletes swimming the sport of the type on participated (Xendrika van der Xeyden) and the winners among place takes. First

Surdolimpiyada games in 1924 in sports 7 type 31 the prize for the on the take - toe`become past. First Surdolimpiya with the game are included sport type:

1. Light athletics.
2. Vela sport.
3. Into the water shong'ish.
4. Football.5. Swimming
5. Tennis.
6. From the bow the arrow throw.

1924-16 year-in August , which was held “International silent games” successful have been completed after 9 countries, who came of the delegation members, “International deaf for sports committee” to be made out and the “Silence game” the name “International deaf game” the name change you need and that the decision came. This committee 's main purpose in all of the sports federation with the relations of the installation without the competition requirements and the law the rule of improvement is. This year at the “International deaf for sports committee” with agree that the competition conduct about also agree with will.

International deaf for the sports committee of the main goals and tasks of one, deaf sport with mumtazam engage in, healthy and physically baquvat be thicker to the ground to create thicker, In 1965, the year of the international deaf the game name is “World deaf a game” to the name of has been changed, 2001 from the year starting Surdolimpiyada games that doing this I started. 1955 in the year of the MOKI (International Olympic committee) International deaf for sports committee for the olympic games the principles of the requirements of acting as recognized took. Surdolimpiyada games 1924- years (2 world hit from the period) , except for every four years in a ma'rotaba traditional on the basis of held are.

Uzbek athletes birinci time Surdolimpiya to the game in 1969 year participating (for 2- table) Steel centre also Greek-rum of the fight sport type on a winner to become achieved. 1973 year Steel centre also Greek-rum struggle on 2-time winner of the being happiness fortunate is. 2001 the year of Italy in state conducted Surdolimpiyada game tekvondo sport type on athlete Surdolimpiyada of the game the winner to become achieved.

The present day Surdolimpiyada game yakkakurash of sports types of very wide interests with looking is, currently, the olympic games in 5 yakkakurash sports types available toe`become, these Greek-rum struggle, free fight, judo, karate and taekvondo sport are the type of. This yakkakurash sports types with hearing deficient are individuals who concentrate can, this competition arbitration rules slightly change included, i.e. shuttak or the signal instead of an athlete on the shoulder , which drive away in case the bout of termination, from the fight, the bout during or before the warnings be arbitration manual gestures, i.e. gestures with explains. Hearing deficient are men yakkakurash sports types with engage in, healthy athletes with times physical condition, able to be that they should, technical and tactical methods of mastering the need toe`ladi.

Summary: this is on the analysis of the results that shows in the country to sport berilyotgan attention and the efforts of the action with near in the future Surdolimpiya game spotrchilarimiz, participants the number of increased and this competition worthy to partake , they are for reserves athletes looking for, find, sarah many to take and them to up more extensive this sport to the type of attracted have without Surdolimpiya games, the winners of bringing up for the adequate conditions of creation are being provided for. Our state of the federation, assotsiyatsilar with collaboration heard in the deficient are, in sports and interested young people attract to Surdolimpiya games winners produced by the production of our country's flag ko'klarga lifting and hearing deficient are parties among competition development should be.
